Professional Summary

Information Science Engineering graduate with hands-on experience in Frontend Development and Web Application Development. Skilled in HTML, CSS, JavaScript, React.js, Python, SQL, and MongoDB. Experienced in building responsive user interfaces, REST API integration, debugging, testing, and developing scalable web solutions. Seeking an entry-level Web Developer/Frontend Developer role.

Technical Skills

Frontend Development: HTML5, CSS3, JavaScript, React.js, Responsive Web Design, UI Development

Programming Languages: Python, Java, C++,

Database: MongoDB, SQL

Tools: Git, GitHub, VS Code, Chrome Developer Tools, Postman

Concepts: Data Structures, DBMS, OOP, Debugging, Testing

EXPERIENCE

Web Development Intern

- Developed responsive and mobile-friendly web applications using **HTML, CSS, and JavaScript**.
- Designed and implemented **frontend user interfaces (UI)** to improve user experience and website usability.
- Created interactive web components using **JavaScript, DOM manipulation, and event handling**.
- Performed **frontend debugging, testing, and troubleshooting** to identify and resolve application issues.
- Collaborated with team members to understand project requirements and deliver web-based solutions.
- Improved webpage performance by optimizing code structure, layouts, and responsive design.
- Worked on application workflows and handled user data management processes.
- Followed **web development best practices** including clean coding and reusable components.
- Used development tools such as **VS Code, Git, and GitHub** for project development and version control.
- Integrated frontend components with APIs and handled JSON data for web application functionality.

Technologies: HTML, CSS, JavaScript, React.js, Responsive Web Design, REST API, Git, GitHub, VS Code, Postman

Projects

Automated Blood Group Determination using Machine Learning

Python, Machine Learning

- Developed an ML-based prediction system using data analysis techniques.
- Applied pattern recognition methods for automated classification.

Portfolio Website

HTML, CSS, JavaScript, Responsive Web Design

- Developed responsive portfolio website using HTML5, CSS3, and JavaScript.
- Implemented interactive UI components, navigation, and responsive layouts.
- Optimized website performance and ensured cross-browser compatibility.

Education

B.Tech - Information Science and Engineering

Visvesvaraya Technological University

2022 – 2026

CGPA: 6.51/10

PU Education - Vishwa Chethan Residential PU College

2020 – 2022

Percentage: 60%

Publication

Survey on Automated Blood Group Determination using Machine Learning

Presented at National Conference (NCEIET - 2025)

Certifications
